

The Evergreen Line Project: 85% Complete

Construction Milestones

The Evergreen Line Project is 85% complete:

- The elevated and at-grade guideways are complete
- Trackwork on the guideways is complete
- Tunnel boring is complete
- The tunnel base is complete
- Station buildings are mainly complete
 - Lougheed Town Centre Station
 - Burquitlam Station
 - Moody Centre Station
 - Inlet Station
 - Coquitlam Central Station
 - Lincoln Station
 - Lafarge Lake-Douglas Station
- Testing and commissioning is complete between Lougheed Station and Burquitlam Station

What's Next?

Overall:

- Completion of station plaza areas and Park and Ride facilities
- Testing and commissioning along the alignment in Port Moody and Coquitlam
- Landscaping, final roadworks, tree planting and restoration along the alignment

Tunnel:

- Finishing work inside the bored tunnel, including building the centre wall, which will separate trains travelling in opposite directions
- Installation of trackwork
- Installation of tunnel ventilation and power and communications systems
- Testing and commissioning

Testing and Commissioning at Burquitlam Station

Lincoln Station in Coquitlam

About the Evergreen Line Project

The Evergreen Line Project is an 11-kilometre extension to the existing SkyTrain system in Metro Vancouver. It will be a fast, frequent and convenient SkyTrain service, connecting Coquitlam City Centre through Port Moody to Lougheed Town Centre in approximately 15 minutes. It will connect without transfer to the current SkyTrain network at Lougheed Town Centre Station and will integrate with regional bus and West Coast Express networks. When the line opens, Metro Vancouver's SkyTrain system will become the longest fully automated rapid transit system in the world.

Evergreen Line Project Benefits

Evergreen will bring many benefits to Metro Vancouver and the Northeast sector, including:

- Stimulating community growth and development;
- Creating compact, liveable communities and faster commutes;
- Providing a one-seat-ride on the Millennium Line to Vancouver; facilitates easier and faster connections to Richmond and Surrey;
- Offering frequent service;
- Increasing transportation choices and better connections between regional centres in Metro Vancouver from Port Moody to Coquitlam to Richmond to Surrey; and
- Generating an estimated 8,000 direct and indirect jobs during construction.

Fast Facts

Length: **11km**

Number of Stations: **7**

(6 new stations; upgrades to Lougheed Town Centre Station)

Travel Time:

Approximately 15 minutes from Coquitlam City Centre to Lougheed Town Centre Station

Speed:

Maximum Operating Speed of 80 km/hour

In Service:

Evergreen will be complete and in service in early 2017

Guideway and road improvements on North Road
